“OVIS has been instrumental in the successful operation of our new nuclear imaging department... the camera and service have been first rate.”

Mr. Carson
Administrator
Harrison Community Hospital
Cadiz, Ohio

Quality You Expect... Solutions You Trust!

OVIS is dedicated to providing the highest quality equipment and service to meet today's demands and prepare for tomorrow's growth in Molecular Imaging Technology. Our reconditioned equipment is guaranteed to meet or exceed manufacturer's specifications. Our software technicians and equipment service specialists are available on-call 24 hours. Now housed in a new state-of-the-art, climate controlled facility, OVIS has established a reputation for exceptional service to satisfied physicians and hospitals since 1997.

OVIS turnkey management that compliment our new & fully reconditioned Nuclear Imaging Systems include:

- Planning
- Licensing
- Facility Design
- System Design & Installation
 - Reconditioned Nuclear Imaging Equipment
 - Software Applications
 - Hardware
- Hot Lab
- Stress Systems

Financing Options to meet your needs:

- Direct Purchase
- Fee-per-scan
- Lease Options
 - Lease with Buy-out
 - Lease with Trade-in
 - Term Lease

Comprehensive Marketing Programs are now available for your OVIS Nuclear Imaging Department. Ask your OVIS representative about how OVIS can help increase your patient load.

Ohio Valley Imaging Solutions ~ 615 Pennsylvania Ave ~ Rochester, Pennsylvania 15074

"I Give OVIS an A+ for quality imagery equipment and exceptional service. The first gamma camera that OVIS installed was a workhorse for us... we have four now."

Dr. Charn S. Nandra
MD, MB, Bch, FAAFP, FCCP, FACC
Weirton, West Virginia and Wintersville, Ohio

"The images are spectacular, the OVIS equipment looks and performs like a new machine"

Paul Cline
Nuclear Medicine Coordinator
Wheelersburg Medical Assoc, Ohio

"They look like new cameras. We are highly satisfied with our equipment."

Susanne Yoder CNMT
The Heart Group
Lancaster, Pennsylvania
